

HISTORY

Christyn's story is a powerful example of how education can be a source of hope and transformation for individuals, especially in challenging circumstances. Despite growing up in poverty and facing a community marked by injustice, she found solace and joy in her educational journey. In times of persecution, she holds on to the verse, Jeremiah 29:11, "For I know the plans I have for you," declares the Lord, "plans to prosper you and not to harm you, plans to give you hope and a future."

WHAT IS THE HISTORY OF BRILLIANT CHILD CHRISTIAN ACADEMY AND BRILLIANTMONT?

What inspires you to study harder?

To improve my family's situation is a testament to the belief in the transformative power of education and Kingdom Education. Her educational journey took place in a classroom with 35 fellow students, enduring sweltering heat, broken furniture, and occasional flooding. Despite these challenges, she cherished the fond memories created in that environment. However, she couldn't help but hope for a more conducive and improved learning environment for all children in the back of her mind.

Christyn has nurtured a long-held dream deep within her heart – the dream of becoming a Principal, a dream ignited by the unwavering belief her Elementary School Principal had in her. She carries with her the cherished memory of the love that Principal showered on all the students, even in the midst of their rural surroundings. Alongside her dream of becoming a Principal, the passion to be a teacher has also been a constant presence in her heart.

Adjacent to her school stands a Baptist Church, a place she holds dear. She found immense joy in attending this church, as it actively engages in numerous mission activities. What's more, it welcomes missionaries from the U.S.A who share the teachings of the Bible with them, enriching their spiritual journey.

Christyn's journey took a significant turn when she began serving in the Music Ministry. However, a tragic event, the passing of her father, compelled her to relocate to another town. This move marked the beginning of her full-time ministry, where she assumed the role of leading both the Youth and Music Ministry. Her heart has always burned with a passion for discipleship. This led her to a new chapter in her ministry when she was sent to various Asian countries. Their mission primarily focused on reaching out to slum areas and engaging in the process of discipleship. This journey took her to different provinces in Thailand, Malaysia, and even Singapore, where they dedicated themselves to spreading the message of faith and mentorship.

Christyn's love for ministry continued to thrive even after relocating to the U.S.A. She initially began her service at Damayan Christian Church as a Sunday School teacher, a role that allowed her to share her faith and teachings with others. Her journey continued as she joined the Music Ministry, where her passion for music and ministry converged.

Driven by her profound joy in working with children, she embarked on a journey into babysitting. In her babysitting role, she made it a point to create a meaningful and enriching experience for the children under her care. This included engaging them in children's worship action songs, sharing Bible stories, and imparting lessons from the Bible. Her dedication to nurturing young minds and spirits through these activities is a testament to her unwavering commitment to ministry and the well-being of children.

Christyn had aspirations of applying to a Christian private school to further her service in ministry. However, her deep commitment to the children she was babysitting posed a challenge, as she couldn't bear to leave them. Additionally, her financial responsibilities compelled her to continue working, as she needed to send financial support to the churches in the Philippines.

In her pursuit of continued service, Christyn took a significant step by opening another house in Summerlin. This endeavor marked a new chapter in her journey. After a year in the southwest, her mother provided valuable assistance, undoubtedly playing an essential role in supporting Christyn's endeavors and mission.

HISTORY

In 2016, a significant turning point occurred in Christyn's journey. She attended a conference for Directors, and during this time, an unexpected opportunity arose. Another Director approached her and inquired if she was interested in renting her building. Initially, she hesitated and declined the offer, explaining that she lacked the necessary funds for a down payment. However, what followed was a testament to the mysterious ways in which faith and providence intertwine. Through the grace of God, a pastor and her church friends came together to offer financial support. This collective effort made it possible for Christyn to secure the building, marking a pivotal moment in her life and ministry, where her faith and determination were met with the support of her community and divine intervention.

Christyn's experience serves as a powerful testament to her faith and the belief that God is always the ultimate provider. She acknowledges that when God has a plan for us, He will make it come to fruition, emphasizing the importance of patience and following His divine will. Upon opening the building in 2016, Christyn made a solemn promise to the Lord. She vowed that her school would emulate the same culture of love, joy, peace, and security that she had cherished in her Elementary school. Her mission was clear: to continue ministering to all the children through the word of God, worship songs, and Bible stories.

The purpose of human existence is to bring glory to God. Education should be seen as a means of understanding God's creation and fulfilling our duty to glorify Him in all that we do. The evidence of fulfilling this purpose is in bearing much fruit, which means impacting lives and leading others to know and glorify God. The ultimate goal of education should be to teach students to glorify God in all aspects of their lives (Dr. Schultz).

Christyn also recognized the blessings of being in a country that values and upholds freedom, particularly the freedom to teach children about the Lord. She contrasted this with her experiences in other countries, such as Malaysia, where she had to conceal her faith due to the risk of persecution. In the face of such challenges, her dedication to her ministry and spreading the message of faith shines brightly.

BCCA aims to prepare children to be "salt and light" in the world and to develop a comprehensive, unified worldview that addresses all aspects of life. Additionally, it emphasizes the importance of understanding true biblical stewardship and investing in education as an investment in eternity. "I can't wait to hear in Matthew 25:21, 'Well done, good and faithful servant! You have been faithful with a few things; I will put you in charge of many things. Come and share your master's happiness!'"

Committee 1 (Philosophy and Standards): Christyn Cal, Gretel Zafra, Merle Delong, Kyle Hannah, Shirley Sanchez
